

SEOUL GARDEN
HOTPOT
& CAFÉ

MENU

Introduced in 2010, Seoul Garden HOTPOT has always been about personal portions and preferences, offering authentic Korean cuisine served piping-hot and sizzling through to the last drop of flavours. Our Personal Pots of Goodness are carefully crafted to provide generous portions, ensuring a well-balanced diet with every meal. Using only the finest ingredients, our team of dedicated chefs prioritise delivering meals that are not only delicious but also packed with great nutritional value. At Seoul Garden HOTPOT, where taste meets health, we aim to satisfy both the stomach and the body.

In October 2024, we are adding a Café counter inside our Seoul Garden HOTPOT concept – a unique concept that blends the heartiness of a full restaurant menu with the casual allure of an artisanal café. While our signature hotpots remain at the core of our offering, the café will complement the dining experience with freshly brewed beverages, hearty toasts, comforting stews, and irresistible sweet treats like croissants and croffles. Whether seeking a full meal or a light snack, Seoul Garden HOTPOT with an added Café counter offers an innovative and satisfying addition to our traditional menu, elevating both the dining and café experiences under one roof, creating a perfect blend of comfort and indulgence.
